ARTICLE V

SENIORITY, JOB POSTINGS AND JOB BIDDING

5.1. Definition. Seniority shall mean length of continuous service with the City in a classification in the service of the City. The two department classifications are as follows: (1) office worker and clerical worker; and (2) city worker-street department, city worker-water department, city worker-sewer department, meter reader, and water plant operator.

5.2. All new employees shall be hired as temporary or probational.

5.3. All new employees shall serve a probationary period of six (6) months and may be released at any time during that period if the City determines that the employee is not qualified or suited for employment. If employment is to be terminated, the employee will be notified before the end of the probationary period. All employees who successfully complete their probationary period shall be added to the seniority list and shall be covered by the terms of this Agreement.

5.4. The seniority status of each employee listed in the wage schedule shall be that which each employee has established by length of service with the City. Seniority starting dates for eligible employees shall be the date of hire. Upon voluntary termination or termination for just cause the employee's seniority rights shall be forfeited and shall not be reinstated should the employee be rehired at some future date.

5.5. Employees who have been laid off because of lack of work shall retain their seniority for a period of nine (9) months if they are recalled to the employment of the City. As vacancies occur within a classification, employees who have been laid off shall be recalled in reverse order of their layoff from the classification. Employees recalled to

work under this provision shall report to work as promptly as circumstances permit but such period shall not exceed twenty-one (21) days unless mutually agreed upon by the City and the employee.

5.6. Seniority rights shall govern in the matter of layoff because of lack of work. The first employee to be laid off in any classification shall be the employee with the least seniority in that classification; but upon layoff, such employee may bump another employee in a classification with the same or lower wages provided such employee has established more seniority than the employee so bumped. Any employee bumping into a job must have the qualifications to perform the job after a reasonable break-in period.

5.7. Any employee of the City covered by this Agreement, who because of illness or injury, is prevented from working shall continue to accumulate seniority for the period of his/her absence from work due to such illness or injury, but in no event more than one year. If the employee is able to return to work within the one-year period, he/she shall be reinstated to his/her former position with full seniority rights, provided he/she is qualified to perform his job. If the employee is unable to return to work within the year, he shall cease to be considered an employee of the City. Such time period may be extended with the mutual consent of the employee, or his/her representative, and the City Council.

5.8. All job vacancies for the classifications set out in Section 5.1 shall be posted for five (5) working days in all departments and a copy of all postings will be sent to the chairman of the unit. If the posting has been modified from the previous time the position was posted, the chairman will be informed of the previous revision date or sent a copy of the previous posting.

All promotions and promotional job bidding will be based on the following factors:

- a. Physical fitness, previous training, knowledge, ability, efficiency, skill adaptability and attitude.
- b. Seniority.

Where factors in "a" are equal as to the employees being considered for promotion, seniority shall govern.

5.9. For the convenience of the City, temporary assignments may be made until bids are received and permanent assignments are made. When an employee is temporarily assigned to another job, his seniority will continue to accrue in his regular job classification. If an employee has previously been qualified in a classification, he shall receive the classification rate of his previous qualifying level or his own rate whichever is higher.

5.10. In the event an employee chooses not to accept an offered promotion, the employee shall have no right to bid for promotions for six (6) months from the date the promotion is offered. In the event an employee chooses not to bid for a promotion, that fact shall have no effect on his right to bid for or accept any future promotions.

5.11. In the case an employee is not at work during the period of the job posting, the employee can request notification of job postings by advising his steward or supervisor, who shall make proper notification on the posting list.

5.12. When a job is filled through the above procedure, the City will post a notice giving the name of the successful bidder and send a copy of the notice to the IBEW business manager or his/her representative.

5.13. If, after posting job vacancies through the above procedures, no qualified bids are received, the City may hire a new employee.

5.14. An employee who successfully bids a new job classification shall be given no more than six (6) months training and qualifying period to determine if the employee can meet the job requirements. During this period he/she shall not be eligible to bid any additional posted job vacancies. If during the six month training and qualifying period it is determined, in the judgment of the management, that the employee is not qualified to perform the work of the new job classification, the employee will be transferred back to his former job classification and shall have included in his seniority the time he spent in the new job classification. If an employee is transferred back to his former classification, then every other employee who successfully bids a new job classification as a result of the first employee's successful bid shall also be transferred back to his or her former job.

5.15. It is understood and agreed by both parties hereto that seniority is terminated as the result of retirement, resignation, discharge for cause or failure to respond to recall as provided in Section 5.5.

5.16. In the event the City finds it necessary to reduce its labor force, the affected employees shall be given a two (2) week notice prior to the reduction. Employees discharged for just cause shall not be entitled to advance notice as provided herein.

5.17. Loss of Seniority. Seniority shall be lost in the following circumstances:

- a. When an employee quits. An employee who is absent for three (3) consecutive days without notifying the City or without good cause shall be deemed to have quit.
- b. When an employee is discharged.
- c. Layoff for a period continuing more than nine (9) months.
- d. Leave of absence (other than military leave or compensable injury absence) for more than one (1) year except upon mutual agreement of the City Council and employee.
- e. Failure to report for work on expiration of leave.
- f. Failure to report for work within thirty (30) days after notice of recall from layoff. Within ten (10) working days after notice of recall employees shall notify the City of their intention to return to work.

5.18 Layoff Notice. Regular employees on seniority lists released due to layoff shall be entitled to two (2) weeks notice in writing. Regular employees on seniority lists leaving the employment of the city voluntarily shall give the City two (2) weeks, (10 working days) notice or forfeit all rights under this Agreement.

5.19 Military Leave. At the option of the City Council, an employee commencing a military leave of absence of more than ninety (90) days may be paid in a lump sum for all accrued vacation leave.

An employee ordered to report for active duty in the National Guard or Reserve Military, Naval or Air Forces of the nation shall present copies of such orders to the City clerk at least ten (10) days before the reporting date, or as soon as such orders are received if the employee is required to report in less than ten (10) days from first notification of duty to report.

5. 20. Seniority During Leave For Injury on Duty. Any employee of the City covered by this Agreement who is injured while on duty shall continue to accumulated seniority during compensable absence due to injury, and shall be reinstated upon recovery to the former position with full seniority rights, provided the employee is physically qualified to return to work.
